One of the most important objectives of a job interview is to communicate the image that you are someone who is conscientious, so be prepared. If possible, visit the place of business before your interview. Observe the people already working there; then dress one step up in terms of professional appearance.

Techniques of a Professional Commodity Chart Analyst is the bible for chart traders. This book is filled with charting techniques that most traders have either forgotten about, never knew, or are unwilling to divulge. It is said that a technique is only good if it is proven over time in the markets, these techniques work.
